Agency: CDPHE

Purpose of Contact: Discuss the partial removal of B440 Staging Area

Discussion

The Site's Part B RCRA Permit, has special provisions for Container Staging Areas within a container storage unit. Unit 440.1 has a designated Staging Area approved for the staging of loaded TRUPAC II containers destined for WIPP. Due to the construction of the railroad tracks, a corner portion of the staging area will be removed and replaced with tracks. The staging area is inspected weekly and complete documentation indicates that no releases or spills have occurred in this entire area. An administrative review results in no further action for the asphalt. A new boundary line will be painted when the construction is complete.

Harlan Ainscough concurred with the removal of asphalt.
